Greg,

I'm not able to locate any info regarding these properties. Do you know if these three properties are all serviced by the same well?

Subject: pavillion water delivery question

Rob,

Have a case of musical chairs going on. 241 W. Powerline is owned by (b)(6) privacy (Landowner name) who

actually lives at 426 W. Powerline. 241 has been on the approved list. I don't have well number etc... 241 W. Powerline is a rental and the former renter has moved from 241 to 251 W. Powerline that had been empty (unoccupied). 251 is also owned by Mr. (b)(6) privacy (Lando) and I am unable to find out if all 3 properties are supplied by a single well or?

So, long story short, 251 would like to have bottled water service?
